

The Travelodge offers one of Helena's most convenient locations. Right in the middle of the rustic business district that winds along Last Chance Gulch,

the Travelodge is located just a few feet away from the original gold discovery.

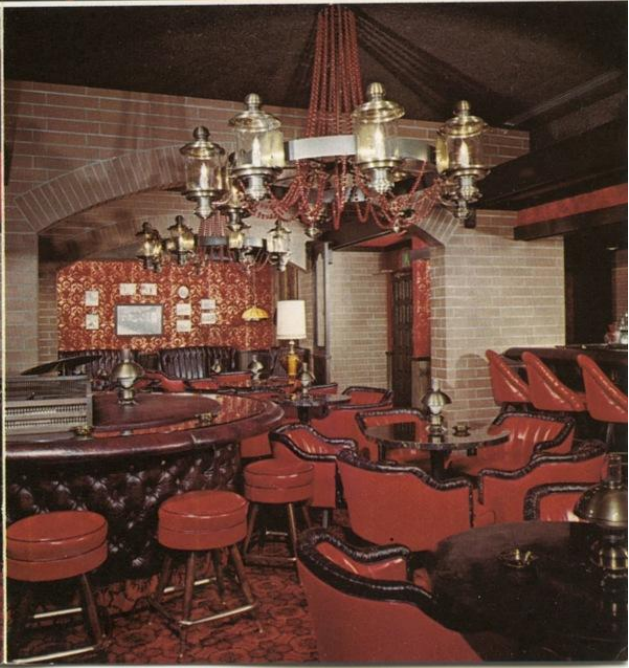

Seven stories of elegantly decorated rooms and suites await your visit to Helena.

Features such as individual air conditioning, king or queen size beds, color television

and direct-dial phones

all combine to add to your comfort.

## DINE & RELAX

The Golden Spike Restaurant offers the finest cuisine and service in the area. Both coffee shop and dining room facilities are available. You'll enjoy the plush furnishings of the restaurant complemented by the authentic old wood panels that decorate the walls.

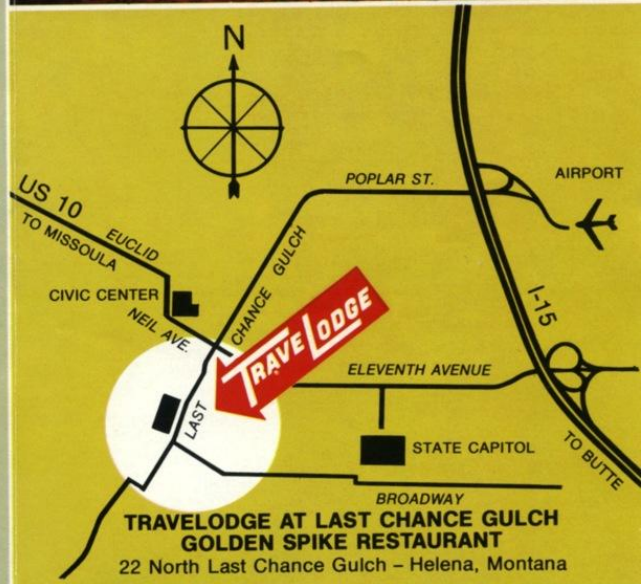

The delightful Four Georgians Lounge is named after the gold prospectors who made the last chance effort to hit pay dirt.

For your added relaxation try a leisurely sauna bath, available to all the guests of the hotel.
